ABOUT ME

Software developer with strong java skills, hands-on experience in web development, and active in problem solving practice on platforms in leetcode. Seeking an opportunity to apply my programming skills and interested in building real-world web applications and continuously improving technical and problem solving skills.

EDUCATION

panimalar engineering college -B.Tech-INFORMATION TECHNOLOGY

Chennai,Tamilnadu

KOVILOOR ANDAVAR MATRIC HIGHER SECONDARY SCHOOL

Sivagangai,Tamilnadu

Completed:March 2021

SKILL

- Java programming
- Frontend Development
- Database Management System
- Basics in python programming

CERTIFICATES

- **DATABASE MANAGEMENT SYSTEM-META**
- **INTRODUCTION TO OBJECT ORIENTED PROGRAMMING WITH JAVA -LEARNQUEST**
- **INTRODUCTION TO JAVA-SPRINGBOARD**
- **DIPLOMO COURSE OF C,C++,PYTHON,JAVA-CSC**
- **PYTHON DEVELOPER INTERN-CODEC TECHNOLOGIES**

PROJECTS

Bank Management System

A Bank Management System developed using Java and SQL to manage customer accounts, transactions, and banking operations efficiently.

The system supports features such as account creation, balance inquiry, deposits, and withdrawals.

Java is used for implementing business logic and user interaction, while SQL handles secure data storage and retrieval

Student Management System

Developed a mini Student Management System using Core Java to manage Students records efficiently. The application supports basic CRUD operations. This project helped in Strengthening my understanding of object-oriented Programming Concepts and implementing real-time data handling logic in Structured way.

Todo Scheduler

A To-Do Scheduler application designed to help users organize and manage daily tasks efficiently. It allows users to create, update, prioritize, and schedule tasks with deadlines and reminders. The system improves productivity by tracking task progress and ensuring timely completion. This application provides a simple and user-friendly interface for effective task management
